

CANDID CANADA: YVR'S LIVING GALLERY

WE'RE LOOKING FOR PARTICIPATION FROM YVR'S CUSTOMERS, PARTNERS AND THE COMMUNITY TO BUILD A LIVING PHOTO GALLERY CELEBRATING THE BEAUTY OF CANADA AS SEEN FROM ABOVE.

Canada from the Air is an innovative way to dress up our facilities during construction and tell the visual story of our expansive and incredible country.

Since the campaign launched in early February, we've already received hundreds of in-flight photos, each offering a unique perspective on the True North. Photographic inspiration ranges from wing tips and propellers to snow-capped mountains, sunsets and big-city skylines.

Photos can be found adorning the temporary walls of the Domestic Terminal's A and B Piers, currently undergoing renovation to add gates, expand seating areas and improve passenger amenities. The growing gallery also lives online at www.yvr.ca/YVRCANADA and on Vancouver International Airport's Facebook page.

SNAPS TO SHARE?

WE WANT TO SEE YOUR PHOTOGRAPHIC HANDIWORK, and so do the thousands of passengers travelling through these facilities every day. Tweet your best in-flight picture our way @yvrairport using the #YVRCANADA hashtag, and it could be included in our terminal and online galleries. Photos are also welcome via email at canadafromtheair@yvr.ca. Be sure to identify where the photo was taken in your message. Enjoy this collection of some of our favourite submissions so far.
