About the Project

June 26, 2024 marks the inaugural Canadian Airport Workers Day, organized by the Canadian Airports Council (CAC). Airports across Canada will hold appreciation events for their airport workforce and community with a theme of '**Moving What Matters.**' This day will also serve as an important opportunity to highlight to government officials across Canada, the critical work that happens in the airport environment day and night. At YVR airport, we will be distributing postcards and displaying banners to airport workers across Sea Island, and we would like Musqueam design to be the feature. The design would be used in perpetuity, so a scalable design is essential.
